

now you can.

Can you imagine a car within the reach of all?

*Can you fit your family into the smallest of cars?
Without a squeeze?*

*Can you feel the safety of a big car?
In a car nearly half its size?*

*Can you find more miles in your every litre?
Almost as much as a two wheeler?*

*Can you make a difference to the environment?
By hurting it the least?*

*Can you imagine a car that will change
the world? Again?*

nano

Key to Happiness

The Tata Nano delivers all at a never before price and mileage making it easy to own and run. The compact footprint with smallest turning circle radius makes it a perfect fit for our cluttered roads. The interior space is more welcoming and generous compared to existing entry level small cars in Sri Lanka. The high gradeability and high ground clearance makes it easy to drive on all surfaces. All this with the lowest CO2 emission makes it the most environment-friendly car in Sri Lanka. The Tata Nano. Now You Can what you could not earlier.
